

The 21st Century Leadership Company

The Life, Leadership & Engagement Academy

Our Life, Leadership & Engagement Academy is a physical and virtual place of learning for leaders and aspiring leaders that can shorten the path from the floor to the boardroom.

Our LLEA is the perfect place for learning about leadership with a philosophy based on a two-part equation:

Leadership + Engagement = Performance

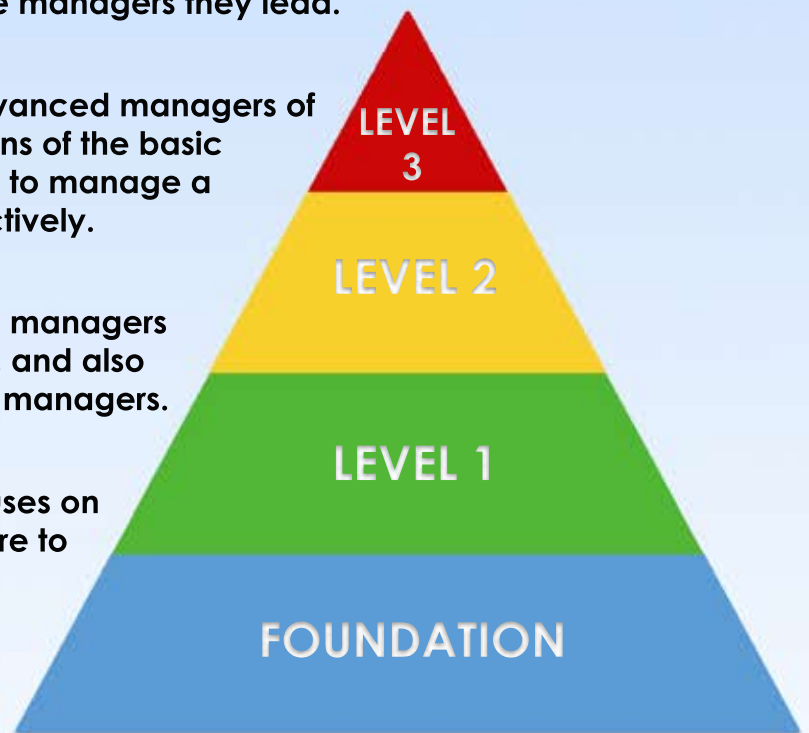

All members start their journey at the foundation stage with our Personal Development Workshop and then enter the appropriate level of programme:

Leader of Tomorrow for senior managers who promote a high performance culture and serve as role models for the managers they lead.

Leader of Today is ideal for advanced managers of teams who already have the foundations of the basic leadership education and are required to manage a business function and lead teams effectively.

Leader To Be is ideal for existing managers and leaders who are looking to refresh, and also suitable for new or those aspiring to be managers.

Personal Development focuses on developing self-awareness which is core to all development programmes and activities.
